

TELEMEDICINE MANUAL

PREPARED BY: DOH7 ICTU TEAM

Main Features

- **Manage Appointment** –enable the user to create and update their appointment.
- **Config Schedule** – the schedule can be set weekly or monthly.
- **Video Conference** – used for virtual consultation from remote facilities.
- **Book Appointment** – the referring facility can book an appointment to the accepting facility.
- **Prescription** – the referring facility can create and generate prescription for the patient.
- **Lab Request** – the referring facility can create and generate lab request for the patient.
- **Screen Record** – screen record the whole conversation of the accepting and referring facility and then upload the video into the server for safe keeping.

- **Chat / Reco** – the doctor can also communicate through chat and the conversation is saved and can be viewed in reco after the video conference is done.
- **File Upload** – the doctor can view and upload the patients files like lab results and other related documents.
- **Upward Referral** – in case the referring and accepting doctors agree that the patient need urgent or emergency care, the accepting doctor can upward the patient.
- **Follow Up** – the referring doctor can advise the patient for follow up, which can also be done in telemedicine tracking.

USERS

- REFERRING FACILITY – DOCTOR

- Roles:

- Refer to the primary health care facilities that the patients visited.

- ACCEPTING FACILITY – DOCTOR

- Roles:

- Refer to the higher health care facilities.
 - They act as a consultant for primary health care facilities.

- IT SUPPORT – IT PERSONNEL

- Roles:

- Provide technical support and assistance for the doctors.
 - They are in-charge for creating appointment configuration.

The screenshot displays the Doctor's Menu interface. At the top, a dark blue header bar contains the user's name, login time, and facility level. Below this is a green banner with the Department of Health logo and a white ambulance icon. The main navigation bar includes links to Dashboard, Patients, Referral (0 New), Telemedicine, Report, BAS, and IAC. The Telemedicine dropdown menu is open, showing options: Book Appointment, Incoming, Outgoing, Manage Appointment, Config Schedule, and Reports. The main content area features a 'Referral Activity' section with 'Referred Patients 2025' and 'Incoming Patients 2025' cards, and a 'Monthly Activity' bar chart. On the right, a 'Login users per department as of today' pie chart shows 1 user for OPD.

VIDEO CONFERENCE

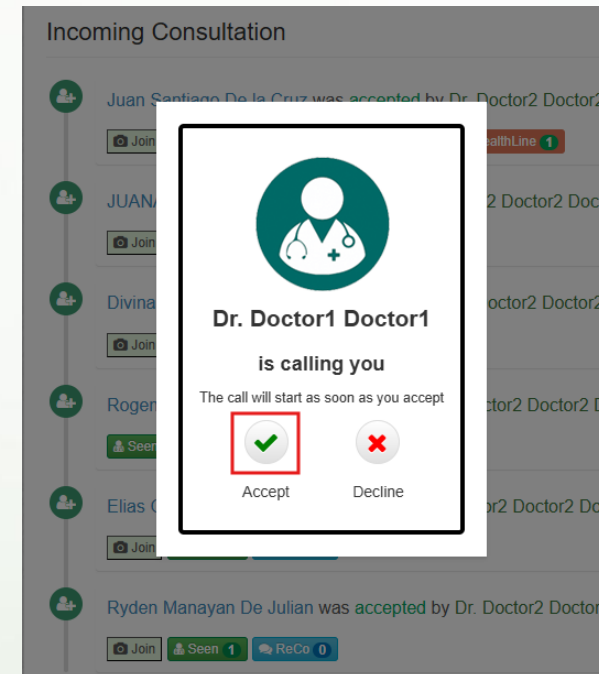

REFERRING FACILITY

- Click the Consultation tracking to start calling the accepting facility.

ACCEPTING FACILITY

- Click Accept button to start conference.

VIDEO CONFERENCE - WINDOW PERMISSIONS

- Click the 'Allow button when visiting the site' to enable permissions for video, microphone, and audio during the conference.

The screenshot shows a Google Chrome browser window titled "E-REFERRAL - Google Chrome". The address bar displays the URL: cvchd7.com/doctor/telemedicine?id=257629&code=250326-889-0912258899040&form_type=normal&referring_md=no&activity_id=901059. A permission dialog box from "cvchd7.com" is open, asking to "Use your microphones". It has three buttons: "Allow while visiting the site" (highlighted with a red box), "Allow this time", and "Never allow".

The background of the browser window shows a large circular seal of the Department of Health of the Philippines. In the center of the seal is a shield with a caduceus and the text "Calling...". Below the shield is a banner that reads "FLOREAT SALUBRITAS POPULI". To the right of the seal is a smaller version of the same seal.

On the right side of the browser window, there is a "CLINICAL REFERRAL FORM". The form includes the following information:

VIDEO CONFERENCE – AUTO END CALL IF INACTIVE

- This feature monitors user inactivity. If the user is away from the keyboard, the system will automatically display an alert to end the call in 30 seconds. To cancel the auto end-call, simply move the mouse, and the system will cancel the function automatically.

VIDEO CONFERENCE – SCREEN RECORD UPLOAD

- At the referring facility, during the end call, please wait for the screen recording video upload to reach 100%.

The screenshot shows a Google Chrome browser window titled "E-REFERRAL - Google Chrome". The address bar displays a URL from cvchd7.com. The main content area is a video conference interface. On the left, there is a large black rectangle representing the video feed, with a timer "1 : 40" in the top left corner. In the center of this area is a white loading spinner and a progress bar. Overlaid on the spinner is the text: "Please wait until upload is complete. Do not close this window. 0%". At the bottom of the video area are several icons: a microphone, a video camera (disabled), a phone, a document, a trash can, and a chat bubble. On the right side of the browser window, there is a "CLINICAL REFERRAL FORM" for the Republic of the Philippines Department of Health, Central Visayas Center for Health Development. The form contains the following information:

- Name of Referring Facility: Level 1 Facility
- Facility Contact #: 09124571205
- Address: Cebu, Cebu City (Capital), Kasambagan
- Referred to: Level 2 Facility

REFERRING FACILITY

CONFERENCE WINDOW

- This is where video conference can be seen.

BUTTONS FUNCTIONS

- **MIC** – mute / unmute.
- **Video** – turn video on/off.
- **End Call** – to end call.
- **PRESCRIPTION** – to create prescription.
- **LAB REQUEST** – to create lab request.
- **CHAT** – to communicate the doctor thru chat.

ACCEPTING FACILITY

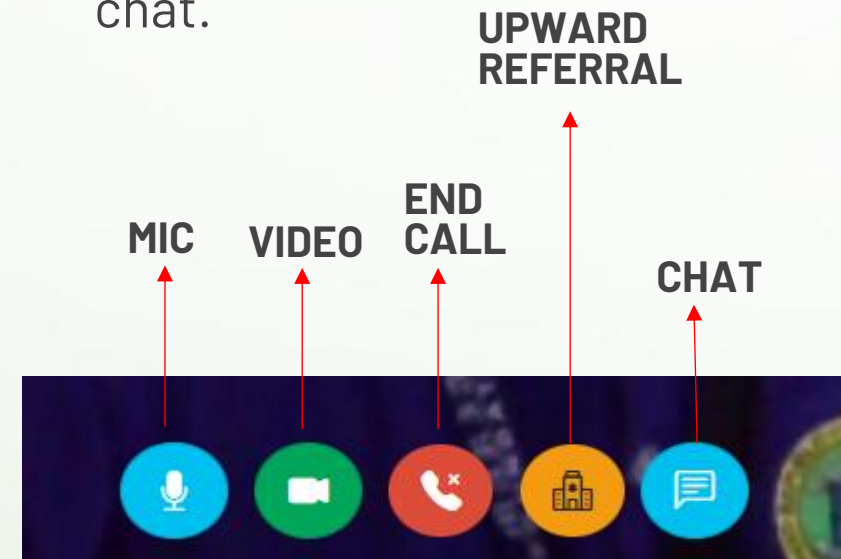

CONFERENCE WINDOW

- This is where video conference can be seen.

BUTTONS FUNCTIONS

- **MIC** – mute / unmute.
- **Video** – turn video on/off.
- **End Call** – to end call.
- **Upward Referral** – in case the patient need urgent care, the accepting can upward the patient.
- **CHAT** – to communicate the doctor thru chat.

PRESCRIPTION

- This is where the doctor can create prescription for the patient.

The screenshot shows a 'Prescription' window with a close button (X) in the top right. It contains an example prescription: 'Ex. Paracetamol (Biogesic) 500mg #30 Tablet' with numbered annotations (1-5) and a signature 'Sig: 1 Tab for Every 4 hours' with annotations (6-7). Below the example, there are seven numbered fields: 1.) Generic Name:*, 2.) Brand Name: (Optional), 3.) Dosage:*, 4.) Quantity:*, 5.) Formulation:*, 6.) Frequency:*, and 7.) Duration:*. Each field has a corresponding text input box. At the bottom, there are three buttons: 'Close', 'Add Prescription', and 'Submit Prescription' (which is highlighted with a red rectangle).

LAB REQUEST

- This is where the doctor can create lab request.

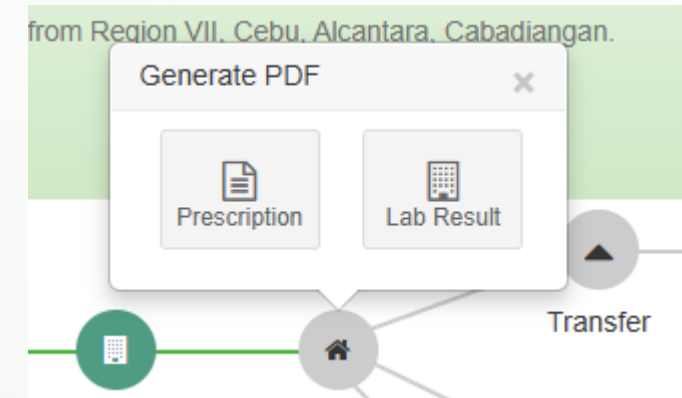

The screenshot shows a 'Lab Request' window with a close button (X) in the top right. It features a search bar labeled 'Search Laboratory...'. Below the search bar is a list of laboratory tests with checkboxes: Urinalysis - Stone Analysis, Urinalysis MARTEST, Urinary Caculi (Stone Analysis), Urine Albumin, Urine Bilirubin, Urine Ketone/Acetone, Urine PH, Urine Specific Gravity, Urine Sugar, Urine Sugar (Clinitest), WBC Count, Widal, and Widal Test. At the bottom, there is a checkbox for 'Others (Specify)' which is checked and highlighted with a red rectangle. Below this checkbox is a text input field labeled 'Enter specific lab request...'. At the bottom right, there is a 'Submit' button (highlighted with a red rectangle) and a 'Generate Prescription' button.

GENERATE PRESCRIPTION AND LAB REQUEST

- The doctor can generate prescription and lab request in Telemedicine Form found in Conference Window.
- The Prescription and Lab Request modal will be displayed

- The doctor can also generate prescription and lab request in Telemedicine Tracking.

SOFTWARE UPDATE as of MAY 2025

- Added screen recording function and after the virtual consultation, the screen recording video will be uploaded to the **DOH CVCHD 7** server for safe keeping.

SOFTWARE UPDATE as of JUNE 2025

- Updated the tracking by adding sub OPD department every track, this ensure a more detailed tracker.

- Updated the Time Slot by changing the radio button into dropbox and change the label from Time into Sub OPD.

The screenshot shows a 'Time Slot' selection interface. It features a green bar labeled 'Available Slot' and a red bar labeled 'Full Slot'. Below these, there is a radio button labeled 'Family Medicine'. Underneath, the text 'Select Time Slot:' is followed by a dropdown menu showing the time range '20:55:00 to 22:55:00'. At the bottom, there is a green button labeled 'Appointment'.

- Added auto end call function in case the user is inactive or away from keyboard, this functions is important in case the consultants forgets to end the call.

TELEMEDICINE - Google Chrome
cvchd7.com/doctor/telemedicine?id=276596&code=250626-889-0859308899040&form_type=normal&referring_md=yes&activity_id=983180

2 : 25

You have been inactive for some time.
Ending call in 27 seconds...
